Mayor Barton and Trustee VanAernem outlined the proposed Improvements to Village Parks. Please see the attached details. Trustee VanAernem further reported that they are checking to be sure they have equipment for handicapped children as well so there will be something for everyone. The organizations and people helping with the grants have been great. Kathy Varney with the Glens Falls Hospital and the Kiwanis. The Rotary has also indicated they would help as well. This is truly a community effort. This project has taken a lot of meetings and efforts in order to bring this together and improve our community. Mayor Barton reported that the Village is looking into obtaining an electronic sign for out front of Village Hall with funds from our Main Street Grant.

Upon motion made by Trustee Horrigan, seconded by Trustee Cook and carried the minutes of the regular meeting of 3/9/15 and the Special Meeting of 3/26/15 were approved as read.

Paul Loding, Village Historian presented his Annual Report. Mr. Loding further reported that a historical marker was installed at the Coal Silos on Maple Street. He provided a few interesting facts and coincidences about the fires that had taken place at the property known as Griffin's Lumber. Mr. Loding announces that he plans to place a marker at the site of St. Paul's Church in 2015-16. He also reported he not only deals with historical issues in the Village throughout the year but also responds to FOIL Requests from various developers interested in historical information surrounding certain property in the Village.

The Mayor reported that he and Trustee VanAernem recently met with the Town regarding determining whether there was any grounds to move forward with sharing facilities. The Village determined they were willing to offer the use of Village Court facilities to the Town. It was agreed that this be put in a resolution form. This is in an effort to save significant money for the taxpayers as there would be no need to put an addition on the Town's building on Michigan Avenue for their Court.

Trustee Cook advised that it is important in light of what the Village Board suffered through at the last Board meeting, that the public be made aware of the extraordinary efforts over the last year to try to save the village tax payers money. The vast majority of the taxpayers in the Town of Kingsbury live in the Village of Hudson Falls and we represent them. If we have some concerns about the amount of money the Town is going to spend – that is our job and why people of the community elected us. Contrary to the conspiracy theories out there, there is no desire to put other projects on hold, we are merely concerned with the cost of a project that will be borne by the taxpayers of our community. The concern arose, not because of some rumor, but out of the Town's minutes which talked about at one point of spending just under 1 million dollars. Having later met with the Town the Village Board found out that those numbers weren't accurate, plans had changed. These were legitimate questions as a village Board. Mike Horrigan who happens to be a Village Trustee there are those who felt he didn't have a right as a citizen to ask the Town whether or not the Town should spend the money. Mike took a lot of grief for it which spilled over to the Village Board. Trustee Cook advised that he did not agree with the Petition, he did not sign it but he had every right to do it.

Trustee Horrigan advised that it was not his first choice to have the Town Court move to Village Court. His end game was to save the taxpayers money. If it means we will save taxes then he will support allowing the Town Court move to the Village building.

RESOLUTION – SHARE COURT FACILITIES WITH TOWN

Upon motion made by Trustee Cook, seconded by Trustee VanAernem and carried

WHEREAS, in an effort to save its taxpayers substantial sums by eliminating the need to pay approximately \$300,000 for a new court facility, the Village Board is willing to allow the Town of Kingsbury to use the Village Courtroom at Village Hall to conduct town court business on the terms and conditions set forth herein.

NOW THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

1. The Village of Hudson Falls agrees to enter into an inter-municipal agreement with the Town of Kingsbury, effective immediately, on the terms and conditions contained herein.

2. The Town of Kingsbury would pay its prorated share of the building expenses per a formula to be mutually agreed upon and in a form approved by the NYS Comptroller or NYS Office of Court Administration.
3. The Town of Kingsbury will provide at its cost adequate security personnel to monitor the activities and behavior of those individuals utilizing the town court facilities.
4. The Town and the Village will use their best efforts to formulate a convenient plan of court operations and a schedule of court-related activities, including the potential use of the courtroom during post-village hours, to isolate and separate as best as possible the court attendees from the village residents having non-court related business at Village Hall.
5. The Village Board will use its best efforts to dissolve the Village Court, thereby merging it into the Town Court in order to save additional taxes, benefitting both Town and Village taxpayers.

Roll Call:	Trustee Horrigan	Aye
	Trustee VanAernem	Aye
	Trustee Cook	Aye
	Trustee Gallagher	Absent
	Mayor Barton	Aye

Dr. Potvin inquired as to whether the Town will still be required to hold the permissive referendum. The Board indicated that it would be up to the Town how they proceed – they have options.

Trustee VanAernem advised that the last Board meeting did not depict the true meaning of what the Village Board was trying to do. Mayor Barton advised that he will provide the Town with the resolution tomorrow.

The Mayor asked the Board for their comments – none given.

The Mayor asked for general public comment.

Brian Parsons, King Avenue inquired about the status of the stormwater issue in his neighborhood. Attorney Nikas advised that the Engineer Report was in and we were awaiting to determine Mike Fiorillo's input on how the Village wants to proceed.

Attorney Nikas reported that Senator Little stands ready to support the Village's request to change the park designation of Paris Park upon DEC's approval.

Upon motion made by Trustee Cook, seconded by Trustee Horrigan and there being no further business to come before the Board the meeting was adjourned at 6:58 p.m.

 Ellen M. Brayman, Clerk/Treasurer

Upcoming Park Improvements

The Village has received a grant through Creating Healthy Places to Live, Work and Play, funded by NYS Dept of Health through the Glens Falls Hospital. The Grant is in excess of \$30,000 and will provide improvements to Derby Park, Grace Park and Juckett Park.

Derby Park Improvements and Upgrades

The Ark in the Park at Derby Park is approximately 25 years old! Many of you may remember when it was built and even volunteered in constructing it! Sadly it needs to be replaced. We've been told we were lucky it lasted this long. Many thanks to the numerous volunteers who participated in some way to the fund raising and construction of the Ark in the Park. The Village intends to save the animals hand-carved by Mr Fitzpatrick and to display them in some fashion to acknowledge his contribution. The Village has worked over the last six months with Kathy Varney from the Glens Falls Hospital and Creating Healthy Places to Live, Work and Play to obtain funding for improvements to our parks. With some of these grant funds and assistance from our local Kiwanis Club new playground equipment, picnic tables, and benches are planned at Derby Park. The children's equipment is geared towards ages ___ thru ___ and includes a classic Teeter See-Saw; Fire Truck Rider; Frog Rider; Airplane Rider; and more! A new component of the park will feature adult exercise equipment. The grant program promotes healthy places for adults to live, work and play with a focus on all age groups. Parents will have an opportunity to exercise while their children are enjoying the playground. The adult equipment includes a chest press, exercise bike, hip twister and more!

Grace Park Improvements

As many of you know, a couple of years ago the Village rededicated a portion of Wall Street recreation areas naming it Grace Park. Many years ago Grace Paris gifted the property to the Village for recreational use, so it was only fitting that it be named Grace Park. The Village, through Superintendent Fiorillo and the Department of Public, worked to clear the hillside and surrounding area; placed blue stone near the bottom of the hillside for decorative purposes and installed a cement slab so that activities such as concerts could be conducted at the Park. The Hudson River Music Hall has committed to providing electricity to the park, as they would like to use the park as a concert venue and have done so on a few occasions over the last two summers. Two Eagle Scouts were generous enough to focus their Eagle Scout project on improving Grace Park. The first project was the installation of a sign constructed and installed by Seth Gillis. The sign is a great addition to the park and looks fantastic! Last fall Eagle Scout, Scott Sullivan, with assistance from Superintendent Fiorillo and the Dept. of Public Works, erected a pedestrian bridge over the stream at Grace Park. The bridge is an incredible addition to our park! Seth and Scott's efforts are greatly appreciated by everyone in the community. Additionally, through grant funds, the Village plans to place park benches and trash receptacles at the Grace Park.

Wall Street Pond

Thanks to Superintendent Fiorillo and the DPW staff the Wall Street Pond shoreline has been stabilized in order to make it safer for recreational fishing as well as other recreational uses. The grant funds described above will also be used at Wall Street Pond and will include park benches and trash receptacles.

Juckett Park

Juckett Park is the centerpiece of our Village and is one of the loveliest parks in the area. The Village gets many requests for use of the park from couples planning their weddings and non-profits planning various events. With the completion of the Rte 4 Construction Project the park needs to be revitalized. The Village plans to install new sidewalks on the inside of the park to coincide with the sidewalks installed by the State and to install new light bulbs in the existing fixtures to attempt to match the "brighter" streetlights installed last Fall. The Juckett Foundation will also be making various upgrades to the park including a sprinkler system, shrubs and more. In addition, grant funds will be used to purchase a message center (kiosk), park benches and trash receptacles. When all the improvements are complete, the village intends to have a celebration to recognize the Rte 4 Improvements, the Park Improvements, the new downtown lighting district and a the many accomplishments that have taken place over the last few years which should be acknowledged.

Sign in Front of Village Hall

The Village is looking to use Main Street Grant money to install an electronic sign in front of Village Hall. It will be more helpful in keeping our residents up to date on village matters and more esthetically pleasing.
